The board met at the site of the Catholic Cemetery on Silver Lake Road. The applicant was represented by Peter McAvoy and Sharon Barrowclough. Public in attendance included Paul Bires and Susan Steinglass. Jeffrey Hammond, Code Enforcement Officer, was also present.

The board walked up the driveway and discussed what improvements would be made. Mr. McAvoy stated that "reclaim" would be used for a finished surface. Mr. Bires expressed concern about the trees that had been cut, and also questioned the location of the lot line that abuts his family property.

The board continued on up the hill to the site of the proposed parking lot and discussed how the disturbed areas would be landscaped. The board also discussed the layout of access roads across the cemetery that would connect with the driveway being developed. The applicant produced a copy of the original cemetery lot layout to help orient board members. Revegetation of the area that is subject of a clearing violation was discussed.

The board then walked back to the road, with conversation taking place amongst participants along the way. The site visit was then adjourned.
